Bible Journaling is a creative way to engage with scripture. Similar to Art Journaling, Bible Journaling uses the same art and craft supplies but directly into a Bible (usually one specifically made for the purpose with wider margins or blank pages.) By combining the spiritual discipline of reading God's Word with a daily exercise in being creative you can transform the way you spend time in the Word making it easier to memorise verses, really get a new understanding of the Bible and deepen your relationship with the Master Creator.

Join Beverley in this hands on workshop where we discuss Bible Journaling and create art in the gospel of John.

Class cost covers :

- A 2hr hands on workshop.
- A gospel of John for you to journal in.
- Basic journaling supplies - paints, distress ink, stencils +more
- Entry into Wellington Paper Arts and Crafts Show for the day of the class.

About Beverley:

Scrapbooking and Card making have been a part of my life for many years. Teaching classes, being on design teams and working at Craft House has given me a wide range of experience in the crafting world. I discovered Bible Journaling about four years ago and it has been an (almost) daily part of my life since then. It's made a huge impact on me and I'd love to share the tips and techniques I've picked up along the way with you.
